

SUNSET COLLECTION

Use & Care Manual

SUNSET CONVERSATIONAL SEATING, CHAIRS & CHAISE LOUNGES

- Frames: Spray a mild detergent, such as dish soap and water to clean the furniture. A 10% solution of either bleach or vinegar can remove more persistent stains. You can also use a general non-abrasive household cleaners like 409®, Fantastik®, or Windex® to help with various stains. Stubborn stains such as sap, bird droppings, carbon monoxide and embedded dirt can be best cleaned with resin furniture cleaners like SunBrite®.
- Slings: Spray on soapy water or a household degreasing product. Lightly rub with a cloth or soft brush, using circular movements. Rinse with plenty of water to ensure no detergent remains on the fabric. Dry with a clean cloth.
- Our fabrics are highly mold resistant. Always allow fabric to dry in the event of extended exposure to rain or

SUNSET DINING AND BAR-HEIGHT TABLES

- Frames: Spray a mild detergent, such as dish soap and water to clean the powder coated aluminum frames. A 10% solution of either bleach or vinegar can remove more persistent stains. You can also use a general non-abrasive household cleaner like 409®, Fantastik®, or Windex® to help with various stains.
- Tabletops: The tabletop surface can be cleaned with a damp cloth and a mild detergent. Use of abrasive cleaners, powders, scouring pads, steel wool, or sandpaper can damage the finish of the decorative surface. Acid or alkaline based cleaners and /or compounds will mar, etch, corrode and permanently discolor melamine decorative surface of the tabletop.

SUNSET LOW TABLES

- Tables: Our low tables are constructed of powder coated aluminum and are best cleaned with a mild detergent, such as dish soap and water. A 10% solution of either bleach or vinegar can remove more persistent stains. You can also use a general non-abrasive household cleaner like 409®, Fantastik®, or Windex® to help with various stains.
